# SHIP CONSTRUCTION WORKSHEET

1. Enter **Hull Class**: ________________
2. Enter Hull Characteristics (from Summary of Ship and Hull Characteristics) below:
   Streamlined (y/n): _____ Pod Cap: _____ Intercept: _____ Crew: _____
   Combat: _____ Protect: _____ Cargo Cap: _____ Cost: _____

3. Enter number of each type of pod (other than Aug Jump) carried, then multiply accross to get Combat, Crew, and Cost subtotals. Finally, total columns and enter at bottom of chart.

| Type | Number | Combat | Combat Subtotal | Crew | Crew Subtotal | Cost | Cost Subtotal |
|---|---|---|---|---|---|---|---|
| Arsenal | | 7(14) | | 1 | | 100 | |
| Battle Comm | | 6 | | 2 | | 50 | |
| Cargo | | 0 | | 0 | | 4 | |
| Hvy Weap | | 5(10) | | 1 | | 80 | |
| Hunter | | 4(7) | | 0 | | 30 | |
| Lt Weapons | | 3(5) | | 0 | | 17 | |
| Passenger | | 0 | | 1 | | 15 | |
| Totals: | | | | | | | |

NOTE: Total Pods may not exceed Hull Pod Capacity (section 2).

4. Enter Total Crew Requirement for Pods (from Totals line of section 3) .................................. _____
5. Enter Hull Crew Requirement (from section 2) ............................................................ _____
6. **Total Crew Requirement** (add lines 4 and 5) ........................................................ _____

7. Enter **Crew Class** ........................................................................................ _____
8. Total Crew Bounty (enter Bounty from Crew Chart:_____ and multiply by line 6)...................... _____
9. Total Crew Salary (enter Salary from Crew Chart:_____ and multiply by line 6) ........................ _____
   *(note: Salaries are optional.)*

10. Enter Hull Cost from section 2 ........................................................................... _____
11. Enter Total Pod Cost from Totals line of section 3 ...................................................... _____
12. If ship has an Augmented Jump Pod, check here _____ and enter "10" ................................. _____
13. **Total Ship Value** (add lines 10, 11, and 12) ......................................................... _____
14. If using Bounties, enter Total Crew Bounty (line 8) ..................................................... _____
15. **Total Ship Cost** (add lines 13 and 14) .................................................................. _____

16. Enter Hull Cargo Capacity from section 2 ................................................................. _____
17. Pod Cargo Capacity (enter number of Cargo Pods from section 3:_____ and multiply by 2)........... _____
18. **Total Cargo Capacity** (add lines 16 and 17) ........................................................... _____

19. **Passenger Capacity** (enter number of Passenger Pods from section 3:_____ and multiply by 2) ... _____

20. **Protection Rating** (enter Hull Protection Rating from section 2) ...................................... _____

21. Enter Combat Strength from Pods (from Totals line of section 3) ........................................ _____
22. Enter Hull Combat Strength from section 2 ................................................................ _____
23. **Total Combat Strength** (add lines 21 and 22) ........................................................... _____

24. Enter Hull Interception Rating from section 2 ............................................................ _____
25. If ship has a Battle Comm Pod, enter "1" ................................................................. _____
26. Refer to line 7. If ship has a Class A Crew, enter "1"; if ship has a Class D Crew, enter "-1" .......... _____
27. **Interception Rating** (add lines 24, 25, and 26) ........................................................ _____

28. Refer to line 7. If ship has a Class A Crew, enter "5"; if Class B, enter "3"; if Class C, enter "1"...... _____
29. If ship has an Augmented Jump Pod (see line 12), enter "2" ............................................. _____
30. **Hyperjump Chance Modifer** (add lines 28 and 29) ....................................................... _____

31. If ship has a Battle Comm Pod, enter "3" here ............................................................ _____
32. If ship is streamlined (see section 2), enter "2" here .................................................... _____
33. **Smuggling Check Modifier** (add lines 29 and 30) ........................................................ _____
